

## TRANSFORMATIONAL THERAPY SERVICES PSYCHIATRIC NURSE PRACTITIONER 1099 CONTRACTOR JOB DESCRIPTION

### Company Description

Transformational Therapy Services is a mental health provider that specializes in in-person and telehealth counseling for addiction, trauma, grief & loss, individual, couples, and group therapy for adults and teens across Minnesota. Our team focuses on serving the LGBTQ+ community and is comprised of highly qualified professional therapists.

### Role Description

This is a Full-Time or Part Time 1099 contractor remote (or hybrid) role for a Psychiatric Nurse Practitioner with a high reimbursement rate (75% of received reimbursement goes to contractor). The Psychiatric Nurse Practitioner will be responsible for providing mental health care and psychiatric care to patients through telehealth services. The day-to-day tasks will include conducting psychiatric evaluations, diagnosing mental health conditions, developing care plans, prescribing medication, and working collaboratively with the therapy team to provide comprehensive care for patients. For the retained 25% of received billing, Transformational Therapy Services covers the cost of your EHR (AdvancedMD), billing, client referrals, team collaboration, and more.

### Must-Have Qualifications

- Mental Health Nursing and Nursing skills
- Experience and certification as a Nurse Practitioner with a psychiatric focus
- Experience providing mental health and psychiatric care

Relevant skills and qualifications that would be beneficial for this role include:

- Experience working with, and respect for, the LGBTQ+ community
- Strong interpersonal and communication skills
- Strong diagnostic and treatment planning skills
- Ability to work independently and remotely
- Board certification as a Psychiatric Mental Health Nurse Practitioner (PMHNP)
- Ideal candidate will have experience working with children, teens, and adults
